humanitarian and development situation in the occupied palestinian territories eleventh report of session 2007 08 vol 2 oral and written evidence

the human right to water and its application in the occupied palestinian territories provides an overview and examination of the human right to water as determined under international human rights law this is a highly topical issue with the un general assembly having passed a resolution which declares access to clean water and sanitation a human right new york jul 28 2010 the recent appointment of the un independent expert on the issue of human rights obligations related to access to safe drinking water and sanitation and movement within the ngo community for an international water treaty amanda cahill ripley analyses the current legal status substantive content and obligations correlative to the right and examines the relationship between other economic social and cultural rights related to the right to water the book goes on to look more specifically at the application of the human right to water in the occupied palestinian territories using innovative methodology cahill ripley combines legal analysis with a qualitative social science empirical case study to explore the enjoyment of the right on the ground the wider implications of the case study findings are then considered looking at what can be done to strengthen the right legally in terms of its status and codification and what remedy can be found for violations of the right both specifically in the occupied palestinian territories and in a more general context the book will be of interest to students academics and practitioners within the fields of international human rights law and international humanitarian law as well as those concerned with international relations and conflict resolution within israel palestine and the wider middle east region

groundbreaking essays by leading israeli and palestinian scholars analyze the system of israeli power in the occupied palestinian territories

how can international human rights standards in the civil and political sphere and in respect of economic social and cultural rights provide clear guidance for political change this collection offers the reader an exposition and critical analysis of the agreements between israel and the palestinian liberation organisation from the perspective of international human rights law covered topics include the relevance and influence of international law on the peace making process the strengths and weaknesses of the agreements and the extent to which they lay the foundation for the realization of palestinian self determination and the development of a democratic and civil society the status and obligations of both the state of israel and the emerging palestinian authority in respect of the occupied territories and the continuing role of international actors and non governmental organisations in promoting respect for human rights during a period of dramatic transition the position of palestinian women and the operation of international human rights standards as mechanisms for political change receive particular attention scholars concerned with the middle east and anyone interested in the promotion and protection of human rights in post conflict situations will appreciate this unique and challenging collection

a critical exploration of israel s curfew closure policy in the occupied palestinian territories

is israel following international law this collection looks at three contentious terms that arise in contemporary arguments about israel s practices towards palestinians occupation colonialism and apartheid and how they are manipulated by the

israeli state these essays present conclusive evidence that israel s administration of the palestinian territories is consistent with colonialism and apartheid moreover these practices are deliberate israeli state policies which are imposed on the palestinian population under military occupation beyond occupation raises serious implications for the legality and legitimacy of israel s continuing occupation highlighting the responsibility of the entire international community

the construction of the barrier in the occupied palestinian territory and accompanying regime raises various issues of interest within the field of international law this research is focussed on the protection of palestinian private real property the main question is what legal protection is offered by the regimes of humanitarian and human rights law regarding private real property in the occupied palestinian territory in the content of the seizure and destruction of property for the construction of the barrier by israel moreover what legal action can be undertaken by both the individual palestinians and the international community to enforce the relevant provisions
